Co-production & Industry Guide

NL FILM FUNDS SELECTIVE FUNDING FILM INCENTIVE FILM COMMISSION

selective funding

The Netherlands Film Fund supports minority co-productions for feature films, documentaries, (short) animation and interactive and immersive media productions. We focus on creative co-productions with a strong artistic and international appeal plus substantial creative Dutch input.

How much can be applied for?

- Up to 250,000 euro for a feature film or feature animation film.
- Up to 50,000 euro for a feature length documentary, short animation or interactive and immersive media production.

How to access?

- Applications must be submitted by a production company that has operated consistently in the area of production and release in the Netherlands, the EU, EEA or Switzerland, for at least 2 years.
- The applicant is legally represented by a producer who, as majority producer, was responsible for at least 1 film production (feature (animation) film or feature length documentary) which has been theatrically released in the Netherlands.

What are the primary conditions?

- The grant must be fully spent on Dutch services, cast and crew.
- The Dutch share totals at least 10% of the production costs, including a possible Dutch share from Eurimages.
- A theatrical release in the country of origin of the main producer is required.
- At least 50% of the financing from the country of origin of the main producer should be committed upon application.

The Netherlands Film Fund has co-production treaties with Canada, China, France, Germany, French Community of Belgium, South Africa and specific agreements with VAF, HBF, IBF and NFI. Within the selective funding scheme we also have distribution support for minority Dutch films.

info and application deadlines: filmfund.nl

film incentive

The Netherlands Film Production Incentive scheme offers a cash rebate up to 35% of the eligible production costs to be directly spent on parties subject to Dutch taxation for feature films, feature length documentaries and feature length animated films.

How much can be applied for?

- The grant can go up to 1.5M euro per film and is determined by the eligible production costs to be directly spent on parties subject to Dutch taxation, multiplied by 30%.
- For international film (co)productions with Dutch selective funding a cash rebate of 35% can be obtained if at least 75% of the digital production costs are spent on parties subject to Dutch taxation (feature length documentary: 25%, feature length animated film: 10%).
- A 35% cash rebate can be obtained if no other Dutch state aid is part of the financing of the film production.

How to access

- Applications must be submitted by a production company that has operated consistently in the area of production and release in the Netherlands, the EU, EEA or Switzerland, for at least 2 years.
- The applicant is legally represented by a producer who, as majority producer, was responsible for at least 1 film production over the past 7 years which has been theatrically released in the Netherlands.
- The Netherlands is one of the countries of origin among the co-producers.
- For feature films and feature length animated films the minimum production budget is 600,000 euro and for feature length documentaries 250,000 euro.
- At least 50% of the financing should be committed upon application.
- A minimum eligible spend of 150,000 euro is required.
- The film production should be completely financed within 6 months of the Fund's decision on an application.
- 30% advance payment of the contribution is possible after signing the production agreement.
- Eligible applications are ranked based on a points system, a minimum of 75 points out of 210 is required.
- For Dutch minority co-productions a theatrical release in the country of origin of the main producer and at least a nontheatrical release in the Netherlands is required.
- Applying for only post-production activities is also possible.

film commission

The Netherlands Film Commission is the national liaison between the Dutch creative media industries, foreign producers and production companies in the Netherlands. Your general resource and first stop to shop for all film related inquiries such locations, permits and Dutch eligible incentive companies.

We are your matchmaker and can advise on international financing possibilities at the Film Fund, including the cash rebate.

What more does the Netherlands offer international producers and production companies?

- Creative, innovative & professional (co)-production support
- Top notch equipment and VFX & post production facilities
- Sound stages and virtual production studio
- A great variety of inspiring locations
- Famous Dutch Light
- Largest exterior fresh water stage in Europe
- General support by the Film Commissions

The Netherlands Film Commission also welcomes the shooting of commercials made possible by the great new architecture of the Netherlands as an inspiring backdrop for new projects.

Free financial exploration & research support

International production companies that have been in contact with the Netherlands Film Commissioner about a concrete plan and consider to shoot or post-produce in the Netherlands are in the position to apply for support for the research of their plan.
We offer active deployment of staff to explore various production options such as location scout, line producer and / or post production supervisor including visits to qualified producers, postproduction facilities, virtual production studios, transport and accommodation in the Netherlands.

International production companies can contact: info@filmcommission.nl
